Children in the dark  
Searching all around  
Hidden in your spots  
Suddenly you're found

This is the game we used to play  
But there are higher stakes these days

Like a thief in the night  
In the place where you hide  
He will come like a thief in the night

Like a thief in the night  
He will come for his bride  
He will come like a thief in the night

Where is Jesus now?  
Ask the man of learning  
He will never show  
Logic won't allow him

These are the things that people say  
What words will they use that day?

Like a thief in the night  
In the place where you hide  
He will come like a thief in the night

Like a thief in the night  
He will come for his bride  
He will come like a thief in the night

And when He's here He'll shout  
Erasing every doubt and then we'll cry out  
Save us, save us, save us

Like a thief in the night  
In the place where you hide  
He will come like a thief in the night

Like a thief in the night  
He will come for his bride

He will come like a thief in the night
