Echoes through the stairs - on the way of the dungeon  
Weighty steps - recall the hammer of the sentence  
The frightening presage - becomes the cold death  
Of the hope - The last empty plate...  
The last rat crosses...

SUDDENLY... THE HANGMAN  
Freezes your last breath!

Moulded muscles - by the weight of the axe  
Scars and past - silent shadow  
"... Who are you death's servant,  
Masked executioner..."  
The victim's final contemplation  
Mowed down in mystery.

"... ENCHAIN HIM AND GIVE ME THE AXE  
SEE THE WASTE ON THE WOOD  
AND THE CRUST OF BLOOD...  
CALL THE WOODCUTTER!  
LET HIM CUT AND BRING A TRUNK.  
ON THIS, HE WILL BE THE LAST..."

SUDDENLY... THE HANGMAN  
Freezes your last breath!  
SUDDENLY... THE HANGMAN  
Poisons your last breath...  
Sudden hangman - countless heads...  
Unexpected hangman - his life, his deads...
