The wolves escape down hill
When hear the demoniac growl...
The echo runs through the forest
Spreading death in all way
Contorting skeletal and leafless trees
Mortifying even the most perverse ones!
Branches like sharpened daggers
Needles like thorns...

The evil's untied
Free like silver
Light from above
Bulwark of enchanted shine
Brings the wind of "the change"
By THE FRIGHTENING MOON
OBSESSION

The red eyed creature

Observes silently demons silhouette mingles with the
night...
Claws like sharpened blades
Jaws of bestial seizures
Stuck deep in the victims lacerated just before start
screaming.

The night's light bleeds the presage
Of the curse...
Demonised lycanthropy -
Metamorphosed beast
Indescribable living hate hides during the day...

The dew mantle dresses the lawn and tall trees in
tranquillity

The shadow subside in the July's cold grey morning...
But the sun dies at the sunset and no one can escape
from the night.
Insomniac eyes lurking obscured tracks
One who enters there... will perceive...
