"The Everlasting Shadow"

Dead souls
From a dead world
Visions from Hell
A place where we shall dwell

Shadows of doom
Rising in the distant horizon
Death approaching
Raging across the immortal land
No salvation
Only devastation

Black angels
Chanting evil

Dead souls
From a dead world
Visions from Hell
A place where we shall dwell

A Dark Journey Towards Desolation:
Deep down in the abyss
Desolation awaits me
Far beyond any light
Darkness has taken my soul
From the winds of mayhem
Comes everlasting death
An evil omen
Following me towards the
Gates of Hell

Demon... life forms
Burning... signs
Mighty... spirits
Hear my... roar...
