A silent shiver sweeps the land
An eerie feeling of cold
Far away in the distance
From beneath the snow
I hear the pounding
Of a heart, beating slow
Oh, ice maiden let your heart go

Lost in time, long ago, lost forever
Now I go all-alone, in search of answers

Her kingdom of cold, is mine to find
Her heart I'll melt, make forever mine
This is my quest and no one can deny me this

Oh ice maiden on thy throne

A shadowed land beneath the snow, conquered not
Land of ice, land of frost, forever been lost

Her kingdom of cold, is mine to find
Her heart I'll melt, make forever mine
This is my quest and no one can deny me this

Oh ice maiden on thy throne

I hear you call my name
Calling me, again and again
I know there is nothing to fear
But still I fear everything

I found you now and vanquished your throne
Your kingdom's lost and forever will be gone
