She wished him away, from whence he came
Farther from the pulpit where this ravishing was staged
Than Her saviour was slain
Before her crying eyes; a powerlessness that claimed
Her gait
So soon as the vultures would violate...

A child - born caesarean
Derived from necrophiled rape
Directed to a schematic representation of a perfect
dwelling place
This child calls me onward
Into a beguiling dream wherein catastrophe
(Unbeknownst to me) spreads its wings
Sending remission away from this malevolent barren
stringed masquerade

Prophets foretell of thy crimes
Thus thy manifestation in time
Is this embodied curse?
That lurks beneath aloof marbled rebirth
And now these worlds will coincide

These thoughts I refine:
"I will slay these fucking swine and rid
thee from thy encumbrous flecked darkness...
...forevermore..."

His altered form a mangled mutation forlorn in
concurrent dismays
Anatomically restructured over numerous surgical
tweaks and pains
The mirror throws him back an effigy whose
resemblance is unlike most
Curiosity is thus spawned - a restlessness that this
quest hosts

His manipulated mind
Asks of his origins and blood-line
And this life in spite
Infested with hate
At this violent fate

That he cannot forsake

Despairing God of War

Resemble man no more

Embodiment of carnage and gore

Deviate from this following evermore
