Fuck Christ!  
Too weak to think for yourself  
Too meek to deal with reality  
Believing in the mendacity you're fed  
Blind leading the blind  
Congregation of ignorance  
A life wasted on a false prophet  
Spreading it's disease, the plague of god  
The sheeple will be slaughtered  
Repenting in their ways  
Demons of the abyss I command you to use your power  
Set yourselves free

The gateway to earth is open  
In nomine satanas Lucifer excels his day  
In the name of our most exalted god, Satan, Lucifer  
I command thee to come forth  
Come forth, and bestow the blessings of hell upon us  
Gorgo, Mormo, thousand faced moon  
Look favorably upon our sacrifices  
Hail Satan! Shemhamforash!  
Ave Satanas! Shemhamforash!
