

Demonic Resurrection "Dreams Of The Dead"

Visit "[Dreams Of The Dead](#)" on MotoLyrics.com

In my dreams, I dream of the living dead
Walking

From the grave a hand appears
I don't know if I'm dreaming
Suddenly before my eyes
Demons begin to appear
They want my body they need my soul to keep their
own

Dreams of the dead

They're closing in, I'm losing speed
I fall they come, to devour me
Suddenly I wake and it's all a dream

Dreams of the dead

The earth begins to oblivate
Far away from here
Leaving behind no trace
Gone into another world
