Long forgotten, broken skies  
New life, denied  
Forsaking the journey tried  
Passage forth, denied  
Left to roam the earth alone  
Long forgotten, forlorn  
Trapped between worlds unknown  
Roaming the mountains in hope

Lost in time, searching souls  
Lost forever in worlds  
Finding the road that leads to home  
Finding the path of snow and stones  
Searching for the answer hidden  
Searching for the reason

Mountains bleeding, standing tall  
Haunting spirits, reborn  
Icy peaks breed cold souls  
All immortal, never grow old  
Sweeping shivers across the land  
Feeling their presence at this hand  
Slowly descending from worlds unknown  
From the old lands, disowned

Lost in time, searching souls  
Lost forever in worlds  
Finding the road that leads to home  
Finding the path of snow and stones  
Searching for the answer hidden  
Searching for the reason

Spirits of the mystic mountains  
They lived forever, lived deep inside  
Now you've uncovered the past you cannot hide  
It's too late, your dying cries denied

Lost in time, searching souls  
Lost forever in worlds  
Finding the road that leads to home  
Finding the path of snow and stones  
Searching for the answer hidden

Searching for the reason
