"Tired Of School!"

I hate takin tests
And waitin for the rest
Of the day to end
The same thing over and over
Math, science, english, french
I'm sick of school

What's the point!
Too much homework!
Too much projects!
Too much gossip!

Kids and their lives
Wasting them for sure
They are tired of school
But when they live in a tunnel
They will look like a fool

Tired
(tired)
Of school
(so tired, so tired)
I just want vacation to start yes I do
School
Is like a never ending
Story!
Every day!
Every day!

School is boring
If you like a girl
And she's found out
It spreads through the school
Like a bomb

Tired of school!
Rather die!
(rather die!)
Yes I would rather die!

I know how to add
I'd rather become a

Snawich maker
Or work at Mc'Donald's
For minimum wage!

Tired of school!
(so tired)

Tired!

I hate takin tests and takin
Exams
One bad grade and you are
Questioned!

TIRED!
