"End Of Our Times"

Visit "[End Of Our Times](#)" on MotoLyrics.com

Cancer humanity, necrofertility
Gods sent the plague as a cure
Blood soaked infinity, greed ruled endlessly
Welcome, the end of our times

Welcome, welcome, welcome
Welcome to the end of our times

Await the final day, rotten in fields we'll lay
Curse of the mankind soon fulfilled
For all our deeds we'll pay and even though we may
Regret our crimes, it is too late

Welcome, welcome, welcome
Welcome to the end of our times

War, your blood was spilled
Starved, decreased mankind
Plague, the final strike
Death, your emperor

Welcome, welcome, welcome
Welcome
Welcome, welcome, welcome
Welcome to the end of our times
