War birds, fills the skies  
Release their seeds of anger  
Millions on the march  
When East and West collide

Fatal genocides  
Invoke the global terror  
No man can deny  
All sides share the guilt

The smoke fills the skies  
This incense of war  
No one can deny  
What gods we adore

Rage and fury, millions flee  
Outcome doesn't matter  
Gods of war in worship  
We plant your seeds of hate

Murder, slaughter, millions raped  
Eastern works of terror  
Death and glory, myth's revealed  
Honor and pride breeds hate

Wargods, hear us pray  
Glory to the brave  
Millions sacrificed  
Praise the church of war

Preachers of the faith  
Calling for their mass  
Begin ceremony  
Our sacraments are blood

Wargods, we practice what you preach  
Wargods, war  
Wargods, we practice what you preach  
Wargods, war

The blood red sky reflecting our rage  
Dominion of terror prevail

Insanity has ravaged our minds  
Attempting to slaughter mankind

The memory haunting the survivors  
A morbid vision to bare in mind  
A field covered with bodies  
Loose limbs and pools of blood  
The stench of death being too much for the vultures

The smoke fills the skies  
This incense of war  
No one can deny  
What gods we adore
