Take a look at me
So cold and all alone
I drift around in circles
And I can't reach the sun

You saints and sinners
Your peace and war
I drift alone in silence
'Cause I can't reach the sun

It's all I long for
The heat of the sun
It's all I long for
What I'm wishing for is the blessing
of the sun

Just open up and see
Forget what you've been told
I'm existing hopelessly
'Cause I can't reach the sun

Darkness covers me
My soul has yet to long
I'm looking for serenity
'Cause I can't reach the sun

It's all I long for
The heat of the sun
It's all I long for
What I'm wishing for is the blessing
of the sun

Save me from these endless days
Release me here and now
'Cause I can't reach the sun
Save me from these endless days
Release me here and now
'Cause I can't reach the sun

Here I am
Still the same
Round and round

Every day
Fighting hard now
I must push on
Feed the challenge
But even if I miss
I'll land among the stars

Take another look
At yourself what do you see?
You drift alone in circles
And you can't reach the sun
Are you a prisoner
Of an endless war
Or trapped in sadness
You can't reach the sun

It's all I long for
The heat of the sun
It's all I long for
What I'm wishing for is the blessing of the sun
It's all I long for
The heat of the sun
It's all I long for
What I'm wishing for is the blessing of the sun
What I'm wishing for is the blessing of the sun

Save me from these endless days
Release me here and now
'Cause I can't reach the sun
Save me from these endless days
Release me here and now
'Cause I can't reach the sun
