For ages now I've often faced the fear  
It's hard to see  
Old memories are clouding my mind  
It's beyond this life

I know the secrets are within me  
Wonderin'  
In a world of broken dreams  
Depressed and haunting me

No way out  
So many times it's hopeless, dark and gray  
No way out  
And other times, it's hope that saves the day

Many moments of my life I pray tomorrow  
Inner peace will find its way and set me free  
Yeah, yeah, yeah, yeah, yeah

There's a light beyond the dark  
(Darkest day)  
There's a light beyond this life  
And painful memories will all wash away  
Painful memories will all wash away

No longer struggle with the fear of  
The end and what's beyond  
I live a life of loyalty  
True to myself and my own

The way out  
A sea of life so peaceful and serene  
The way out  
The path of life lies open wide for me

Come join the path of glory  
Leave all your fear behind  
Come join the path of glory  
Leave all your fear behind

Many moments of my life I pray tomorrow  
Come join the path of glory

At last eternal peace will set me free  
Yeah, yeah, yeah, yeah, yeah

Come join the path of glory  
Leave all your fear behind  
Come join the path of glory  
Release me, set me free
