Songs to sing...

Song of turtle
And the cry of the bear
Awake
I can sense it
Still I'm afraid
Tower Road lies ahead
Commala-come-ka
Ka has come to me
Grey old fellow
If you finally failed the test
What would it mean?
We're getting near
We're getting near
Maid of sorrow
Your time goes by

Fade away
Fade

"Say thank, ya" for the beams are safe my friend
Long days and pleasant nights to you"

Save me
The final chord
Don't let it end like this
No, not like this
Tell me
When things were finally getting out of hand
It's out of hand

Entangled, I am captured
You have put a spell on me
The last in line
The Gunslinger's line

The sacrifice of innocence
This work needs to be done
Now blow the horn
Hail to the gun!

Done is done
Yes, there will be no turning back
Every journey must come to an end
All hail to the Gunslinger
Praise to the Dinh and the King
Beyond our reach, out of control

Save me
To touch the rose it will not bring release
No taking back
Come save me
There are other worlds
But surely none like this
The world has changed

Done is done
Yes there will be no taking back
The word is the law
Law is Ka

The end of the road lies
Straight ahead it lies
I'm feeling pure
The end of the road lies...

The sacrifice of innocence
The hailing of the gun
My way was death and madness
Now let the tower come

Done is done
Yes there will be no taking back
And every journey must come to an end
All hail to the Gunslinger
Praise to the Dinh and the King
Beyond our reach, out of control
