Visit "[Holiday Night](#)" on MotoLyrics.com

When you're living a vacation
Every night you can go wild
Crazy situations
You can play just like a child

You can party and go dancing
Smell of freedom in the air
Lovers are inviting
Happy people everywhere

(Take a chance)
(Your romance)

CHORUS:

I want another holiday night
Don't wanna got to sleep, no, no, oh, oh
I want another holiday night
Wanna dance, wanna dance all night long

The exciting innovations
Happen in the summer heat
Sexy inspiration
Comes out when two people meet

Take a chance
And you'll find what you've been wishing
Your romance

CHORUS (x 2)

(Take a chance)
(Your romance)
Take a chance
And you'll find what you've been wishing
Your romance

CHORUS (x 2)
