I can go with the thought
Everlasting sore at some
Not a joke not for long
Take a breath, persistence can wrong
Stop slow, I could go on and on x2
Cause i've done well or second guess myself
Take a spot here among those who taste
Everything they want
Pockets full onto you
Break us off a piece to take home

Stop slow, i could go on and on x2
Cause i've done well or second guess myself
No Sleep, Real Heat
How can this be a good thing?
Seconds, Hours
Far from truth
Stop slow, i could go on and on x2
Cause i've done well or second guess myself
