There is a dream in my heart
A vision I do see
It is you soaring higher
It is me... we are free.

Hearts open wide
It is time to decide
To live in the light
In love to abide.

Sing your song to Great Spirit
The song living in your heart
Don't be afraid to hear it
This feeling is where it starts.

Hearts open wide
It is time to decide
To live in the light
In love to abide

The healing power of love
Sparkling light of the soul.

Make a stand for the future
Of this earth we walk upon
Sharing love... sharing power
Understanding, we all are one.

Hearts open wide
It is time to decide
To live in the light
In love to abide.

There is a dream in my heart
A vision I do see
It is you soaring higher
It is me... we are free.
