[Kendall]

I can feel it in the air
I like the truth but love the dare
Livin' life like it's a vacation

[Carlos:]

We are golden like the sun
Never, never bend, we all stay young
'Cause we're the here and now generation

[All:]

Try and knock us down
We'll get up every time
We can run this town
So let's do what we like, do what we like

All day, every day is a holiday
We're alright, 24/Seven
All day, every day all we gotta say
Is live your life, 24/Seven
Woouoooo Woouoooo 24/Seven
Woouoooo Woouoooo 24/Seven

[Logan:]

We got no one to impress
Looking bright no matter how we dress
Standing up forever 'cause there is no wind

[Carlos:]

It doesn't matter where you're from
We're all together here as one
Tomorrow comes, we'll do it all again

[All:]

Try and knock us down
We'll get up every time

We can run this town
So let's do what we like, do what we like

All day, every day is a holiday
We're alright, 24/seven
All day, every day everybody's saying
Live your life, 24/seven
All day, every day is a holiday
We're alright, 24/seven
All day, every day everybody's saying
Live your life, 24/seven
Woooooo Woooooo 24/seven
Woooooo Woooooo 24/seven

All day, every day's a holiday
We don't care what other people say
All day every day's a holiday
We don't care what other people say
(Hey ho, let's go!)

All day, every day is a holiday
We're alright, 24/Seven
All day, every day all we gotta say
Is live your life, 24/Seven
All day, every day is a holiday
We're alright, 24/seven
All day, every day everybody's saying
Live your life, 24/seven
Woooooo Woooooo
(C'mon and sing it baby)
24/seven
Woooooo Woooooo
(Come get me, baby)
24/seven
C'mon and sing it baby
Sing it, sing it baby
(24/seven)
