So hop in your ride, roll the windows down,  
cause tonight's your night, get lost in the sound.  
Gonna crank the music loud! Baby blow the speakers  
out.

Under the smoke and lights,  
feel the rhythm, the rhythm and it'll hit you right.  
Sweat it all out of your system, you gotta free your  
mind.  
Let yourself unwind, cause it's your night, night, night  
so get it right, right, right, common.  
Can you feel it (inside), it makes you go for (a ride), I  
know you need it, I can see it in your eyes.

So hop in your ride, roll the windows down,  
cause tonight's your night, get lost in the sound.  
Gonna crank the music loud! Baby blow the speakers  
out.

I know you feel the heat, I see you feelin' the fire,  
Don't worry 'bout a thing, fulfill your every desire.  
DJ's playin' the song, so tonight you can't go wrong  
cause it's your night, night, night so we'll do it right,  
right, right, common.

Can you feel it (inside), it likes to go for (a ride), I know  
you need it, I can see it in your eyes.

never over no no no.
