Get up, get up, get get get up

Get up, get up, get get get up

You're gonna love this, just wait

Take my hand don't hesitate

C'mon and follow my lead

I got a bag full of tricks come roll with me

We'll pick it up from where we started

We're gonna take it one step farther

They're ain't gonna leave us broken hearted tonight, no

It's time to get up, get up, get, get, get up

Get tired of waiting

It's time to get up, get up, get, get, get up

If you hear what I'm saying

Then we could have it all tonight

It's time to get up, get up, get, get, get up

Get tired of waiting

I know you love this, let's go

Get there fast and we'll take it slow

We're gonna live out our dreams

You and me together, no make believe

We'll pick it up from where we started

We're gonna take it one step farther

They ain't gonna leave us broken hearted tonight, no

It's time to get up, get up, get, get, get up

Get tired of waiting

It's time to get up, get up, get, get, get up

If you hear what I'm saying

Then we could have it all tonight

It's time to get up, get up, get, get, get up

Get tired of waiting

We'll pick it up from where we started

We're gonna take it one step farther
They ain't gonna leave us broken hearted tonight, no

Get up, get up, get get get up
Get up, get up, get get get up

It's time to get up, get up, get, get, get up
Get tired of waiting
It's time to get up, get up, get, get, get up
If you hear what I'm saying
Then we could have it all tonight
It's time to get up, get up, get, get, get up
Get tired of waiting
