Want you to cry
'Cause you're laughing so hard tonight
Playing air guitar alright
We're being who we are
Even if they hate that
Want you to shout
At the top of your lungs about
All the favorite songs so loud
Will be singing along
Even if they hate that

Turn up the radio
So what if you lose control
Get a little bit of rock 'n roll

So throw your hands in the air
Come on and make this count
It's only you and me nevermind this crowd
Do the way you doing, do it like nobody's around
So put your hands in the air
Come on and waste no time
It doesn't really matter
If it's wrong or right
Do the way you doing, do it like nobody's around
We can do it like nobody's around

Turn up the radio
So what if you lose control?
Get a little bit of rock 'n roll

So throw your hands in the air
Come on and make this count
It's only you and me nevermind this crowd
Do the way you doing, do it like nobody's around
So put your hands in the air
Come on and waste no time
It doesn't really matter if it's wrong or right
Do the way you doing, do it like nobody's around
We can do it like nobody's around
We can do it like nobody's around
We can do it like nobody's around

We can do it like nobody's around
We can do it like nobody's around
