if i ruled the world i throw all the money in the air like  
cunfety  
if i ruled the world every house got a dj in the back  
yard party  
and i'll brake all bodies down when i shake the ground  
if i ruled the world i'll dream out louddd  
and evey get up up up on the beat kick up tour shos like  
you down the beach  
and jump up up around your sits singing hey-oh hey-oh  
up up up on the beat be who you are love is this is what  
you need  
jump up up around your sit singing hey-ho hey-oh  
if you were my girl you never have to worry bout  
anything no  
cause i ruled the wolrd and you be right standing next  
to me  
running the show we throw any rule in the book out and  
bring  
down the house if i ruled the world we dream out loud  
and every body get up.....  
sorry but i dont know the next words soory agin!!
