Na na na na

When you know some stupid boy's just trying to break
your heart
Don't even play his game
He doesn't see how beautiful you are
Baby just walk away

When you're feeling like the world is pushing on your
chest
Don't let it get to you
Sometimes you gotta step back and take a breath
And find a different boy with you
Na na na na
Na na na na

When you're heart's about to break
Sometimes you just gotta say
Na na na na
When you need to get away from the place where you
are
Sometimes you gotta hit the road
Baby, turn the radio up, windows down in your car
Take a trip and let it roll
Na na na na
Na na na na

When it feels like all the walls are frozen in
And the noise is way too loud for you
Put your headphones on and get lost in a song
Gotta find you a different crew
Yeah, from the top, here we go
Na na na na
Na na na na

When you're heart's about to break
Sometimes you just gotta say
Na na na na

When you're feeling like the world is pushing on your
chest
Don't let it get to you
Sometimes you gotta step back and take a breath
Na na na na
