I'll love ya  
If you aint got nobody to love  
And girl I'll adore ya  
When there's no one to adore

And I'll show you, aye  
That there's no one to show  
And I'll know you  
If you want somebody to know  
Oh, oh, oh yeah

Every time you come around  
You put a lightning bolt on my face  
Baby, every time you come around  
Girl you take my breath away

And I just wanna breathe until  
I take you in  
Cause I want you to breathe until  
You take me in

But the truth is  
She has no idea, no idea  
That I'm even here  
That I'm even here  
She has no idea, no idea  
I'm standing here  
I'm standing here

I'll kiss you, yeah  
Whenever you wanna be kissed  
Oh I'll miss ya  
Two seconds after you leave  
Screaming come back to me  
Come back to me

Let me please you  
Let me see you  
Let me take that heart of yours  
And I'll be  
Whatever ya need me to be  
The good guy, bad guy

Just tell me baby

Every time you come around  
You put a lightning bolt on my face  
Every time you come around  
Girl you take my breath away

And I just wanna breathe until  
I take you in  
Cause I want you to  
Breathe until you take me in

But the truth is  
That she has no idea, no idea  
That im even here  
That im even here  
She has no idea, no idea  
I'm standing here  
I'm standing here

Please tell me you can hear me  
I'm expressing my love  
Won't stop 'til I get ya  
I'm not letting go

Imma run into your heart  
Like a kid in a store

Take every ounce of love  
And beg you for more  
And beg you for more

But she has no idea, no idea  
That im even here (that I'm even here)  
I'm even here  
She has no idea, no idea (no idea)  
I'm standing here  
I'm standing here
