Cause the world stops
When I put my arms
around you, around you (Oh whoa)
Nothing even matters (eh)
Nothing even matters

It's like 1 for the haters,
2 for all of those try to shut us down
They don't really know
There ain't nothing
They can do to tear us apart (no)
I don't care about the money
don't care about the clothes
When we're together
Baby everything goes

We don't even need to prove
What we're feeling of ours (no)
This wall we built together
There's ain't no way I'm knocking it over
It will be here forever
Getting closer and closer baby
Cause the world stops
When I put my arms
around you, around you (Oh whoa)
Nothing even matters (eh)
Nothing even matters

They can all talk
Say what they want
About us, about us (oh whoa)
Nothing even matters (eh)
Whoa
Nothing even matters

It's like a sound goes off
And the people all freeze
They disappear
And it's just you and me
Anything you wanna do
Anything you please

(Oh whoa no)
Forget about our problems
Forget about our past
I've seen your future
And I know you're gonna last
Every second I'm with you just go so fast (whoa whoa)
This wall we built together
There's ain't no way I'm knocking it over
It will be here forever
That I told ya
That I told ya baby cause

Cause the world stops
When I put my arms
around you, around you (Oh whoa)
Nothing even matters (eh)
Nothing even matters

They can all talk
Say what they want
About us, about us (oh whoa)
Nothing even matters (eh)
Whoa
Nothing even matters

Nothing even matters (whoa)
And nothing even matters
whoa
We don't need to fight
Everything will be alright
Nothing even matters
But you and I
Cause the world stops
When I put my arms
around you, around you (Oh whoa)
Nothing even matters (eh)
Nothing even matters (whoa)

They can all talk
Say what they want
(Say what they want)
About us, about us (oh whoa)
Nothing even matters (eh)
Whoa
Nothing even matters
And nothing even matters (whoa)
Nothing even matters
Cause the world stops
When I put my arms
around you, around you (Oh whoa)
And nothing even matters (eh)

Nothing even matters (whoa)

They can all talk
Say what they want
(Say what they want)
About us, about us (oh whoa)
And nothing even matters (eh)
Whoa
Nothing even matters
