Thinking, we don't want get caught up in  
over thinking  
We only got tonight  
Moments, we gotta keep on living  
for these moments  
'Cause this is our time

Life's too short to sit and wait  
For luck to come our way  
Light it up like fireworks  
I want to hear you say

We are, we are  
We are alive  
And we are the light that's shining now  
We are, we are  
We are the reckless

And you can hear us traveling on the sound  
We are, we are  
Young and dumb, always chasing something  
We are, we are  
Hearts like drums, you can hear us coming  
We are, we are

Chances, you know there's nothing wrong with taking  
chances  
Put it on the line  
Oh someday, I know we're gonna be somebody  
someday  
Only gotta try

Life's too short to sit and wait  
For luck to come our way  
Light it up like fireworks  
I want to hear you say

We are, we are  
We are alive  
And we are the light that's shining now  
We are, we are

We are the reckless

And you can hear us traveling on the sound  
We are, we are  
Young and dumb, always chasing something  
We are, we are  
Hearts like drums, you can hear us coming  
We are, we are  
We are, we are  
We are, we are  
We are, we are  
We are, we are  
We are, we are  
We are, we are  
We are alive

And we are the light that's shining now  
We are, we are  
We are the reckless  
And you can hear us traveling on the sound  
We are, we are  
Young and dumb, always chasing something  
We are, we are  
Hearts like drums, you can hear us coming  
We are, we are
