Now that i found you boy
you got me holdin' on so strong
i put my trust in you
so please stay
cause i like the way

i know i'll never find a man like you
who can make me feel the way you do
only thing thats on my mind
is makin love to you
so don't be scared, take my hand
and lets get started

let me rub you down
while theres no one else around
place you on the floor
cause i cant take no more
i wanna here that sound of two lovers getting down
and i want your lovin
cause i like the way you move

now that i found u boy
you got me holdding so strong
and i put my trust in you
so please stay (baby)
cause i like the way

when im looking in your eyes
i wanna taste your lips
wanna hold you next to me
and feel the softness of your skin
nows the time to let you know
whats going on inside
so dont be scared, take my hand and lets get started

Now that i found you boy

you got me holdin' on so strong
i put my trust in you
so please stay
cause i like the way

let me rub you down
while theres no one else around
place you on the floor
cause i cant take no more
i wanna here that sound of two lovers getting down
and i want your lovin
cause i like the way you love

Now that i found you boy
you got me holdin' on so strong
i put my trust in you
so please stay
cause i like the way

till the break of dawn
we can get it on
aint nothing wrong
with sexin all night long
do you wanna go deep
in between the sheets
..... you got me all wet
the taste of me you wont forget
do you wanna go deep
in between the sheets
you got me all wet
and i like the way

Now that i found you boy
you got me holdin' on so strong
i put my trust in you
so please stay
cause i like the way
