Na na na na Naa na na na na
Na na na na Naa na na na na

It's alright (alright)
I know where to start
Let me guide you through
Through the hardest part (oh oh)
It's alright (alright)
Touch me in the dark
Bring me closer to the hardest part

I don't have the time to take it slow
Count one two three and here we go
I can tell how you feel I know what you like
Can't mess with the groove or trip the vibe

Don't you be afraid, baby don't be shy
'Cause I see what you want shining in your eyes
And I can feel the heat that you try to hide
But that's the part of you that I want inside

It's alright (alright)
I know where to start
Let me guide you through
Through the hardest part (oh oh)
It's alright (alright)
Touch me in the dark (touch me in the dark)
Bring me closer to the hardest part
(You gotta touch me in the dark baby)

Just one night of passion is the game
What I want and you want are the same
Don't have to pretend that this is real love
Just do as I say and that's enough

Don't you be afraid, baby don't be shy
'Cause I see what you want shining in your eyes
And I can feel the heat that you try to hide
But that's the part of you that I want inside
It's alright (alright)
I know where to start (I know where to start)
Let me guide you through

Through the hardest part (oh oh)
It's alright (alright)
Touch me in the dark (touch me in the dark)
Bring me closer to the hardest part
(You gotta touch me in the dark baby)

Na na na naa
Uh uh uh uh
Na na na naa
Na na na na Naa na na na na na
Na na na na Naa na na na na na

Yeaaaaahhhh oh-oh

It's alright (alright)
I know where to start
Let me guide you through
Through the hardest part (oh oh)
It's alright (alright)
Touch me in the dark (touch me in the dark)
Bring me closer to the hardest part
(Alright alright)

It's alright (alright)
I know where to start
Let me guide you through
Through the hardest part (oh oh)
It's alright (alright)
Touch me in the dark (touch me in the dark)
Bring me closer to the hardest part
(You gotta touch me in the dark baby)

Na na na naa Uh uh uh uh Na na na naa
Na na na na Naa na na na na na

You gotta touch me in the dark baby
