Life's gonna suck when you grow up, when you grow
up, when you grow up
Life's gonna suck when you grow up, it sucks pretty
bad right now
Hey, if you know the words, sing along
You're gonna have to mow the lawn, do the dishes,
make your bed
You're gonna have to go to school until you're
seventeen
It's gonna seem about tree times as long as that
You might have to go to war, shoot a gun, kill a nun
You might have to go to war when you get out of school
Hey cheer up kids, it gets a lot worse
You're gonna have to deal with stress, deal with stress,
deal with stress

You're gonna be a giant mess when you get back from
the war
Santa Claus does not exist, and there is no Easter
Bunny
You'll find out when you grow up that Big Bird isn't
funny
Life's gonna suck when you grow up, when you grow
up, when you grow up
Life's gonna suck when you grow up, it sucks pretty
bad right now
You're gonna end up smoking crack, on you're back,
face the fact
You're gonna end up hooked on smack and then you're
gonna die
And then you're gonna die
