You say that everything will work it's self out
But let me tell you now what you don't know about
It's easy to turn your back on our problems
But can't you see that it's no way to solve them

You can run away from me
But you'll never get away from you
You can run away from me
But you'll never get away from you

Chorus
Sayin sorry don't make it right everytime you hurt me
Sayin sorry don't make it right
When we don't meet eye to eye everytime it hurts me
Sayin sorry don't make it right, no no

I know that mistakes are so hard to deal with
But when you reject me I always feel it
And when you choose to ignore what you don't
understand
You will find often time how things get out of hand

You can run away from me
But you'll never get away from you
You can run away from me
But you'll never, never get away

Chorus

Bridge Everytime that you break my heart you come
back to me
And try to make a new start
But this hurt only gives me doubt and it seems you
don't
Wanna work things out

Ay Ay Ay Ay
UH UH
OOh OOh

Take your sorry, UH
Out the door

I don't wanna hear that, UH UH
ANYMORE
Take your sorry
And baby this is the plan
You can take that sorry baby and stick it OOOOOH

Sayin sorry don't
Sayin sorry don't make it right
When we don't meet eye to eye everytime it hurts me
Sayin sorry don't make it right

Sayin sorry don't make it right
Sayin sorry OHHHH
When we don't meet eye to eye everytime it hurts me
Sayin sorry don't make it right

It wont make things right, wont make things right

When we don't meet eye to eye everytime it hurts me
Sayin sorry don't make it right

I don't wanna hear you say
I don't wanna hear you say you're sorry
For what you did to me
Ooh baby
Baby get, baby get, baby get hold of this

I can take only just so much
And I have taken what I intend to take
