When you're down and out
And you need a friend, oh yeah
When you need someone
Someone on which you can depend
Like a bridge over troubled waters
I will be there for you, oh yeah
You never have to worry
Because I'll always, I'll always see you through

Call me, all you gotta do is call me
Oh, oh you can just call me
I'll be your friend (until the end)
Oh yeah, call me (call me)

I know sometimes your burdens get heavy
And the load seems too hard to bear
I know you feel like giving up
But just hold on, hold on cos I'll be there, yes I will
Like a shelter in a time of storm
I will keep you safe and warm
You never have to worry cos my love is true
I'll always be right here for you

Call me, call me
Yeah, yeah, yeah, yeah, yeah
You can, you can, you, you, you
I'll be your friend until the end
Call me, call me

Seeking alone but it made me found
You're not here, Å...Å...Å...
It's just got to pass before they call out the answer
And while you're there speaking I will Å....

(You said just call me, call me)
(You can just call me, call me)
(You can just call me, call me)
(You can just call me, call me)
