In the voice of Stevie Nicks I feel young  
And I become confused.  
Listening back to Fleetwood Mac  
And listen back to careful thoughts of you.

I don't want to lose your friendship now,  
And I've been feeling insecure.  
Maybe we just need some time apart;  
Everybody does for sure.  
Can you see how I tried to make you smile?

I've always known that I can't change my past,  
But didn't know that I changed for the best.  
You're responsible for what happens to you now;  
The choice of what comes next.

So I'm not gonna say I've failed us both.  
I never thought that way of you.  
Maybe we just need some time apart;  
And I don't know what else to do.  
Was it wrong how I tried to make you mine?

My ears ring with that one line she sings in landslide  
now.  
It's never been so true.  
I have been afraid of change  
Because I built my life around you.

I don't want to lose your friendship now,  
But I've been feeling insecure.  
Maybe we just need some time apart;  
Everybody does for sure.  
Can you see how I tried to make you smile?
