i woke up this morning with no bread on my table
my women woahhh she is so willing and able
take it easy she said, Jah is alive and you must survive.
I can't hold how much longer the wicked is getting
stronger.

And everyday is just blood sweat and tears burning
inside of me!
(2x)

Everyone's playing their game and feel, I just can't get
my equal share.
My women woahhh, she is so willing and able.
Take it easy she said, Jah is alive and you must survive.
I can't hold how much longer the wicked is getting
stronger.

And everyday is just blood sweat and tears burning
inside of me!
(2x)
