Love and Hate can never be friends oh no
oh no

Here I Come with love and not daydreams
show the goodness and mercy
shall follow I all the days of our lives
Envy no one no wish to be with no evil man
for there come the day when you'll be greeted by
the Father saying
Live up good children
live up rasta children
my head is anointed
and my cup runneth over
show the goodness and mercy
shall follow I
all the days of our life

Here I Come with love and not daydreams
show the goodness and mercy
shall follow I all the days of our lives
Envy no one no wish to be with no evil man
for there come the day when you'll be greeted by
the Father saying
Live up good children
live up rasta children

my head is anointed
and my cup runneth over
show the goodness and mercy
shall follow I
all the days of our life

Here I Come with love and not daydreams
show the goodness and mercy
shall follow I all the days of our lives
Envy no one no wish to be with no evil man
for there come the day when you'll be greeted by
the Father saying
Live up good children
live up rasta children

my head is anointed
and my cup runneth over
show the goodness and mercy
shall follow I
all the days of our life
