Do you know what it means to have a revolution?
And what it takes to make a solution?
Fighting against oppression
Battering down depression

Are you ready to stand up and fight the right
revolution?
Are you ready to stand up and fight it just like soldiers?
Many are called, few are chosen
Many are called, few are chosen

Got to fight the right fight in this time

Are you ready to stand up and fight the right
revolution?
Are you ready to stand up and fight it just like soldiers?
Many are called, few are chosen
Many are called, few are chosen

If you wanna live a, live a, live a, live a, live, live forever
You got to love a, love a, love a, love a, love, love each
other
Say you gotta live, live, live, live on, live on forever
And love, love, love, love, love, love one another

Got to fight the right fight in this time

Living and loving and sharing and caring
[Incomprehensible]
A man is paid according to his work

Say we gotta live a, live a, live, live, live, live on forever
Love, love, love, love, love, love each other
We got to live, live, live, live on, live on forever
And love, love, love, love, love one and other

Living and loving and sharing and caring, well

Revolution, revolution
Revolution, revolution
Revolution, revolution
Revolution, revolution
