Dear Suzanne the worst is over  
At least I pray that it's so  
And though we've suffered like never before  
Well I promise you I'm not letting go  
'cause the love we share  
Is stronger than the cross we bear

And dear Suzanne we're gonna make it  
'cause I see the sun breakin' through  
And thru it all, the one thing I've learned is  
I'm a better man for just knowing you  
And though we saw the planets collide  
It was you who stood by my side  
You see, girl you rescued me

And now I can breathe again  
Breathe again 'cause of you, only you

And dear Suzanne I wanna thank you  
thank you thank you thank you  
For being just who you are  
You've been my lover, my wife and my friend  
And the reason that I've made it this far  
'cause each time my world fell apart  
It was you who opened your heart  
It's true, I've loved only you

And now I can breathe again  
Breathe again 'cause of you, only you

(interlude)

'cause each time my world fell apart  
It was you who opened your heart  
It's true, I've loved only you

And now I can breathe again  
Breathe again 'cause of you, baby you

I can breathe again  
Breathe again

I'm thankin' you, only you

breathe again

breathe again

Baby I want to thank you

breathe again

Thank you, thank you

breathe again

I want to thank you baby

(fading)

breathe again

breathe again...
