Now that we have found a love so true
And we know that there can be no doubt
We won't let anything come between us
Oh no

And you know that I believe in you
I believe in you
'cause you've seen it in my eyes
in your eyes
And I've seen it in your eyes too
in your eyes too
That I realize

You'll be the one who lights the light
To guide me home thru the darkest night
I'll be the one who never leaves
We'll be the ones who still believe
That love will find a way
To bless us every day
Baby if we just keep our faith

'cause I believe in you
And you believe in me
And I will be there for you
A lover and friend
You will be there for me
Until the journey's end

Baby I swear there's nothing we can't do
'cause I believe in you

And every time I feel like giving up
And every time I feel I can't go on
Well, you're always there to reassure me
Oh yeah

And every time you start to doubt yourself
don't doubt yourself
'cause your world has let you down
let you down
I'll be standing right there beside you
Well, I'll always be around

be around

'cause it's simple as can be
Baby it's our philosophy
'cause it's forever you and me

'cause I believe in you
And you believe in me
Together we'll make it through
Two hearts as one
Baby that's me and you
Until the journey's done

Girl, I know there's nothing we can't do
'cause I believe in you
And you believe in me
And I will be there for you
A lover and friend
I'll be your lover and your friend
Promise to care for you
I'm gonna care for you
Until journey's end
Until the end

Baby, you know there's nothin' we can't do
'cause I believe in you

Yes, I believe in you

(45 second instrumental ending)
