[Respect me]

When you gonna treat me like a lover
The way you promised to
When you gonna treat me like no other
And respect my point of view
I gotta know, I gotta know, I gotta know
What youâ€™re gonna do

And now you gonna treat me like an equal
The way that it should be
Cos if you gonna treat me like a seagull
Well honey just set me free
I gotta know, I gotta know, I gotta know
Whatâ€™s it gonna be

Well Iâ€™m living here in Vertigo
And never sure witch way to go with you
Tell me are you Jekyll are you Hyde
You always seems to satisfy with me

Oh baby Respect me, baby baby baby baby respect me
Respect me, baby
respect me, please, please, please, please
Respect me

And when I try my best to please you
Itâ€™s never quite good enough, Isnâ€™t it
Iâ€™m always feeling down on my knees to
Is loving you so tough
And did you think I never would leave you
No matter what you do
And did you think forever was a promise
For me and not for you
Tell me, I gotta know, I gotta know, I gotta know
What youâ€™re gonna do

Well Iâ€™m never right Iâ€™m never shure
Iâ€™ll always feel so insecure with you
Well I live in fear of whatâ€™s in store
Cos You got one foot out the door itâ€™s true

Hey, respect me, I say please, please, please, please
respect me, c  mon, c  mon, c  mon,
c  mon
respect me, allright
Hey, respect me, please, please, please, please,
please
respect me, c  mon, c  mon, c  mon,
c  mon, c  mon
respect me, respect me
Respect me, oh baby, baby, baby
respect me, respect me
respect me
