Here we are
With our dreams in the sky
We all have our dreams
It's wonderful to know we're alive
At the end
It's over

There you are
At the end of the show
Mem'ries are real
It's wonderful to know you're alive
At the end

Thank you very much

For everything you've ever wanted
Oh oh oh

Thank you very much
For everything you've ever needed
Oh oh oh

Thank you very much
For everything you've ever dreamed of
Whoa whoa
It's over

Thank you
