"Fly With The Angels"

Visit "[Fly With The Angels](#)" on MotoLyrics.com

It's yours if you believe
When your life escapes you like a runaway train
And the place you come from is a state of pain
They can lift your spirits high above the pouring rain
the truth lies waiting in the skye above
You can sail forever in the presence of
Way up here you'll meet a greater kind of love
Chorus: You'll go fly with the angels
Go fly with angels
Go fly

On the wings of heaven you will carry love's flame
Like a voice of mercy you will hear your name
When the stones of life rock your world
Just say his name
Chorus
There's peace up here in the open sky
Chorus
