I would always wait
For the perfect time
But now the time
Has come and gone
I hold on to the memories
As though we're still together
Longing for the strength to carry on
Ever since you've been gone
Chorus: There's not a day that goes by
I don't think of you and ask why
I won't get the chance now
To tell you goodbye
Or how much I lost losing you
If you only knew
If you only knew
Life has many pages
Some we wrote together
A story I must end alone
As I go on without you
You'll live with me forever
Knowing that one day we'll meet again
Up where the rainbows end

There's not a day that goes by
I don't think of you and ask God why
I won't get the chance now
To tell you goodbye
And how much I lost losing you
If you only knew

I won't get the chance now
To tell you goodbye
Or how much I lost losing you
(if you only knew)
How much I lost losing you
(if you only knew)
My friend
How much I lost losing you
If you only knew
How much I love you
If you only knew
How much I love you
