Yeahh  
Check it out  
To all you shorties acting fly  
This goes out to you but check it out one time

It's like that  
It's just a sex type thing

If you didn't know, my man Breezly Brewin is about to  
give you the raw deal

You know what I'm saying

Yo check it out one time uh

Heyo ya'll niggaz know the flavour  
If you meet a honey dip who gave her numba  
But you pickin up the vibe that she slumba  
On the skills when you drills in the body of a hotty till  
she's sore  
And then you gots to put an end to the snorin  
She talkin 'bout, "I got snatch niggaz be fightin over  
(what?)  
Like Helen of Troys I'm swellin the boys' jewels they  
drools  
When they see me not a genie but you dream about me  
nuts you better"  
To me that bitch, Sunshine, from Harlem Nights is  
soaked and wetter (hahaa)  
"So tell me honey can ya hang  
Or I'll blaze ye like Robin did to Eddy back in  
Boomerang  
And let me tell ya Halle Barry couldn't save ya (nope)  
I be's the mac mama m&m chocolate candy flavour"  
My sales pitch never fails which brings the opportunity  
To leave a honey swoonin see I said it like this  
"I'm representin till the honey's call my name"  
Then she wants to be the ol' ball and chain (How  
ironic!)  
Ain't that somethin? I'm strictly smack her up and then  
I'm gone

It's just a sex thing fuckin word is born then a honey starts  
Buggin steady tuggin on my body like a care bear  
I think ya best to break it down yo let me hear yall..

(Chorus x 2)

When me and shorty got down everything was good  
lookin  
Now she runnin 'round town talkin 'bout my wood's  
tookin  
Everybody's yappin the whole neighborhood's cookin  
I thought it was a sex type thing, the sex type

Why is it a honey act like she don't want to be bothered  
But after the tappin she yappin like she want her  
children fathered  
By the fellow I was try to tell a brother that they give  
they lover fits  
In the end they singin old En Vogue hits (hahaha)  
Like 'Don't Go' and 'Hold On' but yo I strolled on I'm  
ghost (what)  
The pussy tried to play high post  
Talkin shit about us sexin for the flexin of our ego  
(Tell 'em how we break that puss down to size you know  
how we go)  
In the act of pursuin the Brewin'll think hard  
And once I'm all about your bod I want you callin out to  
God, check it  
Cause the girls want to lift these honeys wishin  
For a brother who be givin them the stiff competition  
Love, I gets.. loose is.. ticklin your  
Privates.. juices.. tricklin for.  
Now never shit'll never be the same from that  
When a honey can't front on the head to head combat  
So if you actin like you doin me a favor  
Now you know the flavour of that coochie whippin I'm  
above (true)  
The sex is sorta nifty if you're workin 50/50  
If not I will play shorties with the swifty

Talkin 'bout..

(Chorus X 2)

Once you hit the G-Spot she act like Ce Ce Peniston  
She trying to say that 'We Got a Love Thing'  
When it's just a hit it from the kitchen sink  
To the shower to the bedroom rug thing (Yeah  
guaranteed)  
She's open, she better not be hopin that I blaze like Al  
Bundy

'Cause she's hornier than Peg (haha!)  
Want the lovin on the rag 'cause I make her shake her  
leg  
And get her bumblin the gibberish what a humblin  
experience  
To Miss Golden Clit but now I'm goin to split  
Maybe I should give some feeble dick a little slackin up  
And be content to keep these silly girls from actin up  
Talk about let's settle down after the contact  
Maybe we oughta sign a 'bonin only!' contract  
But until I get familiar with the law yo I think  
I got some extra cab money in the top drawer (see ya!)  
I know you're thinkin that it's foul the way I'm swingin  
I'm waiting for some girl to change my tune but for now  
I'm singin:

(Chorus X 2)

It's like that

And it don't stop  
To all you shorties acting fly this is a sex type thing  
If you didn't know, and now you know

Strictly a sex type thing

And you don't stop for 95 and 96

Breezly brewin and the juggaknots is strictly out for  
that sex type thing

If you didn't know, then now you know

Check it out

And we out

Check it
