I don't wanna know. I don't wanna talk to you. I'm not your friend, I've never been, stay out of my sight. As I look at you I wouldn't mind if you died soon. Empty eyes. You're already dead. You tell me about your new cell phone. I've got troubles of my own, because things aren't quite as easy as in that little world you've built. As I look at you I wouldn't mind if you died soon. Empty mind. You're already dead. Clock in. Don't move until you're told. Fall asleep with the T.V. on. Next day start again. Don't think for yourself. Just play your part. Buy everything they sell to you and then fucking die. I don't wanna know. Get fucking lost
