"A Question Of Time"

I've got to get to you first before they do
It's just a question of time before they lay their hands
on you
And make you just like the rest
I've got to get to you first it's just a question of time

Well now you're only fifteen and you look good
I'll take you under my wing somebody should
They've persuasive ways
And you'll believe what they say

It's just a question of time
And it's running out for you
It won't be long until you'll do
Exactly what they want you to

I can see them now hanging around
To mess you up to strip you down
And have their fun with my little one

It's just a question of time
And it's running out for you
It won't be long until you'll do
Exactly what they want you to
It won't be long until you'll do
Exactly what they want you to

No, I don't blame them for wanting you
You look good and they need something to do
Until I look at you, then I condemn them
I know my kind what goes on in our minds

It's just a question of time
It's just a question of time
It's just a question of time
It should be better

It's just a question of time
It should be better with you
It's just a question of time
It should be better

It's just a question of time
It should be better with you
It's just a question of time
It should be better

It's just a question of time
It should be better with you
