Boys say go!
Boys say go!
Boys say go!
Boys say go!

You don't understand, this is a demand
And a thing that I have to show you
Try to live inside
Take me for a ride
And the day and the night catching on you
Boys mean boys get together
Boys mean boys live forever
Don't say no
Boys say go!

I could run away
If you never stay
And the rain, and the flame, and the sorrow
I don't play a show
When you place the law
If the end is the same as tomorrow
Boys mean boys get together
Boys mean boys live forever
Don't say no
Boys say go!

Boys, boys, boys, boys, boys say go!
