I could corrupt you
In a heartbeat
You think you're so special
Think you're so sweet

What are you trying?
Don't even tempt me
Soon you'll be crying
I wish you'd trapped me

You'll be calling out my name
When you need someone to blame

I could corrupt you
It will be easy
Watching you suffer
Girl, it will please me

I wanna touch you
With my little finger

I know it will crush you
My memory would linger

You'll be crying out in pain
Begging me to play my games

I could corrupt you
It would be ugly
They could sedate you
But what good would drugs be?

But I wouldn't touch you
Put my hands on your hips
It would be too much to
Place my lips on your lips

You'll be calling out my name
Begging me to play my games
