Light switched, man switched
Feel more propen only then
All the night, years tomorrow
Dancing with a distant fried
Filming and screaming
I picture the seam
Filming and dreaming
Dreaming of Me

As so we left, understanding
Clean cuts sewn were something past
Talk to sad, I talk to wail
My love thank climb a rising past
Filming and screaming
I picture the seam
Filming and dreaming
Dreaming of Me

Quickly, I remember
Viewed things or expect space hold
Time increasing, understanding
Life consults the action hold
Filming and screaming
I picture the seam
Filming and dreaming
Dreaming of Me

Dreaming of Me
just dreaming of me
But it's only me Just me Oooo oooo
