Fame can have strange effects  
Money can have strange effects

I ask myself, is it a sin?  
To be flexible when the boat comes in  
Open the window and out go ideals

Drink can alter you  
Girls can have strange effect too

I ask myself, is it a sin?  
To be flexible when the boat comes in  
Open the window and out go ideals

We all know boats don't last  
We all know cars are fast

I ask myself, is it a sin?  
To be flexible when the boat comes in  
Open the window and out go ideals

I ask myself, is it a sin?  
To be flexible when the boat comes in  
Open the window and out go ideals

I ask myself, is it a sin?  
To be flexible when the boat comes in  
Open the window and out go ideals

I ask myself, is it a sin?  
To be flexible when the boat comes in
