Now I find that most of the time  
Love's not enough in itself

Consequently  
I've a tendency to be unhappy  
You see  
The thoughts in my head  
All the words that were said  
All the blues and the reds  
Get to me

There was a time  
When all of my mind was love  
Now I find that most of the time  
Love's not enough in itself

All of these absurdities  
That lay before us  
All of the doubts and the certainties  
That lay in store for us

There was a time  
When all of my mind was love  
Now I find that most of the time  
Love's not enough in itself
